

Eastville Medical Practice New Patient Registration Policy

The Practice's list is currently open, meaning we are accepting new patients.

In order to register the Practice requires:

- Provision of photo ID and proof of address
- Provision of NHS number (if the patient has one)
- Completion of a new patient questionnaire

The Practice will not refuse registration on any of the following grounds:

- Race
- Gender or gender reassignment
- Sexual orientation
- Disability
- Age
- Religion or belief
- Social class
- Appearance or lifestyle
- Medical condition
- Marriage or civil partnership
- Pregnancy or maternity

Registration can however be refused if:

- The patient does not live within the practice boundary
- The patient has been removed from the list previously*
- The patient has a known history of violence*

*These situations would require discussion by the Partners before a decision is made on whether registration should be accepted or refused.
